

**The Food Industry Business Roundtable
In Conjunction with Mas Hori & Associates
Presents
"Back to Basics GMPs"**

**Good Manufacturing Practices (GMP) Training Course
Saturday: February 27, 2010
8:30 a.m. to 4:30 p.m. Room H132
L.A. Trade-Technical College, 400 W. Washington Blvd, LA 90015
Visit www.fibr.info for campus map and directions**

This Good Manufacturing Practices (GMP) training course will come from the regulatory and industry perspective. It will cover the federal guidelines for Good Manufacturing Practices (GMP) for compliance in Spanish. It will give you insight to maintain compliance with the federal regulations CFR Part 110 for your facilities.

Who Should Enroll? Business owners, senior officers, plant managers, QA/QC managers, and production supervisors. Line production workers will also benefit from this training

Benefits: Understanding of regulatory agencies' compliance for Good Manufacturing Practices (GMP) sanitation and improve knowledge of Good Manufacturing principles for proper sanitation in your facility

Cost & Registration:

Cost Includes Continental Breakfast, Course Manual & Certificate of Completion

Parking is Free: Olive Street Structure – Park 2nd Level or Hire (No Citations During Class)
